

STRAIGHT EPDM HEATER HOSE

PRODUCT TYPE: COOLING SYSTEMS

RECOMMENDED FOR: Extremely durable heater hose for straight and slightly curved connections. The resilient reinforcement allows the hose to fit a pipe that is 4 mm larger than the nominal inside diameter of the hose. Strong and flexible body allows bending to medium-bend radius.

RESISTANT TO: Tube and cover resists heat, ozone and coolants. Resilient textile reinforcement withstands internal pressure and allows installation on enlarged-end connections.

CONSTRUCTION:

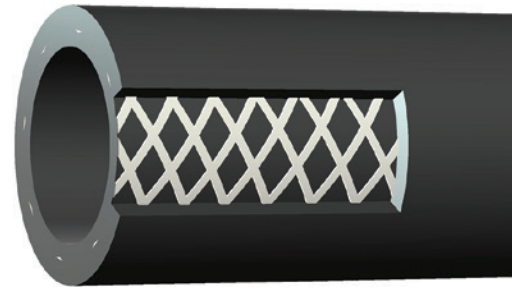

SHAPE: Straight

TUBE: EPDM

REINFORCEMENT: Polyester

WIRE: -

COVER: EPDM

STANDARDS:

SAE NORM -

DIN NORM DIN 73411 class A

TEMPERATURE:

-50° 100° 110°
