Aquamax Designs Validated and Approved

VKPC 81230 = 03L 121 011 G / 038 121 011 C / 038 121 011 D / 038 121 011 G / 038 121 011 H / 038 121 011 J / 038 121 011 K / 03G 121 011 / 03L 121 011 B

In order to keep our customers service levels during Covid supply chain disruptions, SKF VA has approved alternative Aquamax designs for this Water pump. Each of these designs have been validated according to the SKF Aquamax specification and fulfills all technical requirements. Aquamax is a proprietary specification of SKF VA.
